### CHAPTER XVI

MEANWHILE, and before any of us had left this room, one fact had become apparent—Mr. Jeffrey was not going to volunteer any fresh statement in face of the distinct disapproval of his sister-in-law. As his eye fell upon the district attorney, who had lingered near, possibly in the hope of getting something more from this depressed and almost insensible man, he made one remark, but it was an automatic one, calculated to produce but little effect on the discriminating ears of this experienced official.

"I do not believe that my wife was murdered." This was what he said. "It was a wicked verdict. My wife killed herself. Wasn't the pistol found tied to her?"

Meanwhile a fact which all had noted and commented on had recurred to my mind and caused me to ask a brother officer who was walking out beside me what he thought of Mr. Moore's absence from an inquiry presumably of such importance to all members of his family.

The fellow laughed and said: "Old Dave has lost none of his peculiarities in walking into his fortune. This is his day at the cemetery. Didn't you know that? He will let nothing on

### HOW TO WIN A HUSBAND.

Woman's sphere in this 20th century is not limited any more than man's. She can occupy almost any business position or profession, and yet the popular view of womanhood is that she best fits the position of wife and mother and head of the household. Every girl should know her heart and also know that her womanly system is equal to the strain of marriage. If a girl is nervous and irritable ten chances to one it is due to some trouble peculiar to womanhood.

Cupid has no place in a girl's heart if she is nervous and irritable, feels dragged down, worn out for no reason that she can think of. The weak back, dizzy spells and black circles about the eyes are only symptoms. Go to the source of the trouble and correct the irregularity. Stop the drains on the womanly system and the other symptoms will disappear. This can be done easily and intelligently. So sure of it is the World's Dispensary Medical Association, the proprietors of Dr. Pierce's Favorite Prescription, that they offer \$500 reward for women who cannot be cured of leucorrhea, female weakness, prolapsus, or falling of the womb. All they ask is a fair and reasonable trial of their means of cure.

"Your Favorite Prescription" cured me of ulceration and inflammation, from which I suffered for many years," writes Mrs. Delphia Wheaton, President Santa Barbara Lawn Tennis Club, Arlington Hotel, Santa Barbara, Calif. "Health was completely broken down when I began its use and I was in dreadful pain most of the time, but ten bottles cured me."

"Favorite Prescription" makes weak women strong, sick women well. Accept no substitute for the medicine which works wonders for weak women.

Dr. Pierce's Pleasant Pellets are the most desirable laxative for delicate women.

earth get in the way of his pilgrimage to that spot on the 23d of May, much less so trivial an occurrence as an inquest over the remains of his nearest relative."

I felt my gorge rise; then a thought struck me and I asked how long the old gentleman kept up his watch. "From sunrise to sundown, the boys say. I never saw him there myself. My beat lies in an opposite direction." I left him and started for Rock Creek cemetery. There were two good hours yet before sundown and I resolved to come upon Uncle David at his post.

It took just one hour and a quarter to get there by the most direct route I could take, five minutes more to penetrate the grounds to where a superb vehicle stood, drawn by two of the

finest horses I had seen in Washington for many a long day. As I was making my way around this equipage I came upon a plot in a condition of upheaval preparatory to new sodding and the planting of several choice shrubs. In the midst of the sand thus exposed a single headstone rose. On his knees beside this simple monument I saw the figure of Uncle David, dressed in his finest clothes and showing in his

oddly contorted face the satisfaction of great prosperity battling with the dissatisfaction of knowing that one he had so loved had not lived to share his elevation. He was rubbing away the mold from the name which, by his own confession, was the only one to which his memory clung in sympathy or endearment. At his feet lay an open basket, in which I detected the remains of what must have been a rather sumptuous cold repast. To all appearance he had foregone none of his ancient customs; only those customs had taken on elegance with his rise in fortune. The carriage and the horses and, most of all, the imperturbable driver seemed to awaken some awe in the boys. They were still in evidence, but they hung back sheepishly and eyed the basket of neglected food as if they hoped he would forget to take it away. Meanwhile the clattering of chains against the harness, the pawing of the horses and the low exclamations of the driver caused me the queerest feelings. Advancing quite unceremoniously upon the watcher by the grave, I remarked aloud:

"The setting sun will soon release you, Mr. Moore. Are you going immediately into town?" He paused in his rubbing, which was being done with a very tender hand, and as if he really loved the name he was endeavoring to bring into plainer view. Scowling a little, he turned and met me point blank with a look which had a good deal of inquiry in it. "I am not usually interrupted here," he emphasized—"except by the boys," he added more mildly. "They sometimes approach too closely, but I am used to the imps and scarcely notice

them. Ah, there are some of my old friends now! Well, it is time they knew that a change has taken place in my fortunes. Hi, there! Hands up and catch this and this and this!" he shouted. "But keep quiet about it, or next year you will get pennies again."

And, flinging quarters right and left, he smiled in such a pompous, self-satisfied way at the hurrah and scramble which ensued, that it was well worth my journey there just to see this exhibition of combined vanity and good humor.

"Now go!" he vociferated; and the urchins, black and white, flew away, flinging up their heels in delight and shouting: "Bully for you, Uncle David! We'll come again next year, not for twenty-five, but fifty!"

"I will make it dollars if I only live so long," he muttered. And, declining now to remember the question I had put to him, he grandly remarked: "I am going straight into town. Can I do anything for you?"

"Nothing," I thought you might like to know what awaits you there. The city is greatly stirred up. The coroner's jury in the Jeffrey-Moore case has just brought in a verdict to the effect that suicide has not been proved. Naturally, this is equivalent to one of murder."

"Ah!" he ejaculated, slightly taken aback for one so invariably impassive. "And to whom is the guilt of this crime ascribed?" he presently ventured. "There was mention of no name, but the opprobrium naturally falls on Miss Tuttle."

"Miss Tuttle? Ah!"

"Since Mr. Jeffrey is proved to have been too far away at the time to have fired that shot, while she—" "I am following you!"

"Was in the very house—at the door of the library in fact—and heard the pistol discharged, if she did not discharge it herself—which some believe, notably the district attorney. You should have been there, Mr. Moore."

He looked surprised at this suggestion.

"I never am anywhere but here on the 23d of May," he declared.

"Miss Tuttle needed some adviser."

"Ah, probably."

"You would have been a good one."

"And a welcome one, eh?"

I hardly thought he would have been a welcome one, but I did not admit the fact. Nevertheless he seized on the advantage he evidently thought he had gained and added, mildly enough, or, rather, without any display of feeling:

"Miss Tuttle likes me even less than Veronica did. I do not think she would have accepted, certainly she would not have desired, my presence in her

counsel. But of one thing I wish her to be assured, her and the world in general. Any money she may need at this—this unhappy crisis in her life, she will find amply supplied. She has no claims on me, but that makes little difference where the family honor is concerned. Her mother's husband was

my brother—the girl shall have all she needs. I will write her so."

He was moving toward his carriage. "Fine turnout!" he interrogatively remarked.

I assented with all the surprise—with all the wonder even—which his sublime egotism seemed to invite.

"It is the best that Downey could raise in the time I allotted him. When I really figure the money, we shall see, we shall see."

His foot was on the carriage step. He looked up at the west. The sun was almost down, but not quite. "Have you any special business with me?" he asked, lingering with what I thought a surprising display of consciousness till the last ray of the sunlight had disappeared.

I glanced up at the coachman sitting on his box as rigid as any stone.

"You may speak," said he; "Caesar neither hears nor sees anything but his horses when he drives me."

The black did not wink. He was as completely at home on the box and as quiet and composed in his service as if he had driven this man for years.

"He understands his duty," finished the master, but with no outward appearance of pride. "What have you to say to me?"

I hesitated no longer.

"Miss Tuttle is supposed to have secretly entered the Moore house on the night you summoned us. She even says she did. I know that you have sworn to having seen no one go into that house, but notwithstanding this, haven't you some means at your disposal for proving to the police and to the world at large that she never fired that fatal shot? Public opinion is so cruel. She will be ruined, whether innocent or guilty, unless it can be very plainly shown that she did not enter the library prior to going there with the police."

"And how can you suppose me to be in a position to prove that? Say that I had sat in my front window all that evening and watched with uninterrupted assiduity the door through which so many are said to have passed between sunset and midnight—something which I did not do, as I have plainly stated on oath—how could you have ex-

pected me to see what went on in the black interior of a house whose exterior is barely discernible at night across the street?"

"Then you cannot aid her?" I asked.

With a light bound he leaped into the carriage. As he took his seat he politely remarked:

"I should be glad to, since, though not a Moore, she is near enough the fam-

ily to affect its honor. But, not having even seen her enter the house, I cannot testify in any way in regard to her. Home, Caesar, and drive quickly. I do not thrive under these evening damps."

And, leaning back with an inexpressible air of contentment with himself, his equipage and the prospect of an indefinite enjoyment of the same, the last representative of the great Moore family was quietly driven away.

### LOOKING AHEAD

#### Gubernatorial Candidates Trimming Their Sails for 1908.

Indianapolis, Nov. 21.—The rumors today that John C. Chaney of Sullivan, congressman-elect from the Second district, intends to be a candidate for the Republican nomination for governor in 1908, while it is not generally believed to have much foundation of fact, was sufficient to cause a little stir among the party leaders.

Four years ahead is a long way to be planning for an office, but more than one favorite son has his sails trimmed for the chief executive's office. Union Banner Hunt, former secretary of state, is getting in line for the position and is already regarded as a strong proposition. It is probable that Senator Fremont Goodwine of Williamsport, former Attorney General Taylor, and possibly three or four others, will be in the race later. During the coming session of the legislature not a little work will be done in behalf of the 1908 gubernatorial boom.

According to the official count Nat U. Hill, Republican candidate for treasurer of state, ran ahead of his ticket. His plurality was \$7,389, nearly 6,000 behind President Roosevelt. Hanly for governor received a plurality of \$4,364, over 3,000 less than Hill, yet he came within 1,164 of receiving as many votes as Hill. Dave Sherrick, as auditor, received a smaller plurality than Hanly, his being \$4,195. His opponent, J. R. Riggs of Sullivan, ran at the head of the Democratic ticket, receiving over 275,000 votes. Joe Shea, candidate for attorney general, received the smallest vote on the Democratic ticket, being 13 behind Captain D. F. Allen, candidate for state treasurer. Hill, on the Republican ticket, was but 36 votes ahead of Hugh T. Miller, candidate for lieutenant governor. The total vote of all parties was not much larger than four years ago. With the Democrats there was an immense per cent of stay-at-homes. The Socialists showed a greater per cent of gain than the prohibitionists, who cast the third largest vote.

It was the understanding here today that Congressman Charles B. Landis of the Ninth district will at once open headquarters at the Hotel English, where he will conduct his campaign to succeed Senator Charles W. Fairbanks. Congressman James A. Hemenway has had his headquarters at the Claypool hotel opened for nearly a week. It is not known whether or not Congressman Crumpacker will open headquarters here. He is now traveling over the state meeting legislators in their own homes. Col. Harry S. New has also done considerable traveling. The members of congress who are candidates will probably make a flying trip to Washington next week, as congress will be in session, but it is expected that they will get a leave of absence and return as soon as possible, as the hours are too precious to be lost now. Their interests, however, will be closely guarded by their friends, as the race is now fairly under way and no one wants to ease up till the finish is in sight.

Work is now progressing rapidly on the new federal building here. It is a magnificent pile of stone, even though it is much soiled by smoke and soot. It will look odd before it is finished, for the beautiful white stone that is being used seems to absorb the great volumes of smoke that constantly envelop it. This building was commenced about two years ago and is one of the few federal structures where the contractors have made such progress as to indicate that they will finish within the time limit fixed by the contract. The building is to cost over \$2,000,000. It will be the finest in the state and one of the finest in the country. It will not cover as much ground as the statehouse, but it will be a more modern and much more costly. A. A. Young, collector of customs, who is custodian of the building, says it will be ready for occupancy next summer.

The legislative visitation committee held another meeting at the statehouse today. It will begin its tour at once and will have to be on the jump all the time in order to get its report ready. The committee two years ago did not report until about the middle of the session. Its work is taken up direct by the ways and means committee of the house and the finance committee of the senate, which hold joint sessions. It is known that the condition of the state institutions is good now, but there will be a number of demands for specific appropriations for improvements. It is the duty of the visitation committee to investigate as to whether or not the improvements are required. Governor Durbin and Governor-elect Hanly will be with the committee most of the time.

### General Attack

#### On Port Arthur Has Been Resumed According to Latest Word.

Even the Officers at the Base at Dainy Do Not Know What Is Going on at Front.

### JAPANESE SECRETIVE

A Brisk Engagement South of Mukden Believed to Have Screened a Larger Movement.

Chefoo, Nov. 21.—The general attack on Port Arthur was resumed Nov. 18 or 19, according to the report of persons arriving here today from Dainy. They say that the Japanese are so secretive that it is difficult in Dainy to learn the true facts. Even the officers detailed to work at the base do not know what their comrades at the front are doing.

St. Petersburg, Nov. 21.—The suspense engendered by the Japanese attack on Port Arthur continues. This movement has proved unsuccessful. It aimed merely to capture a Russian position, but whether it was intended to mask activity at some other point along the front has not yet developed. Some correspondents note what they consider significant Japanese movements on the Russian right, and others that a Japanese column is moving fifty or sixty miles eastward; but the opinion in military circles seems to be that no great movement is likely to transpire before the fate of Port Arthur is decided. At the same time it is recalled here that General Kuro-patkin's great aggressive movement of last month was in full swing a week before the outside world realized what was occurring.

### General Attack Expected.

Chefoo, Nov. 21.—Another attack on Etse mountain is expected to occur Nov. 24, according to Chinese who left Dainy Saturday. The Chinese further report that reinforcements for the Japanese continue to arrive. For the past ten days 1,000 men have arrived daily. On Nov. 14 the Chinese say they saw fifty guns brought into Dainy. Some were broken, others in good condition. The Japanese said they had captured them.

### Trenches Proved Effective.

Mukden, Nov. 21.—The Japanese attack on routloff hill has demonstrated the efficacy of the Russian defensive works. Two battalions engaged in the attack occupied the first line of the Russian trenches, but at the second line were caught in pits and entanglements and exposed to a galling fire. A Russian bayonet attack completed their demoralization.

### The Mine in Warfare.

Tokio, Nov. 21.—It is reported that the Japanese, after successfully mining, occupied a counterscarp on Sung-shu mountain last Friday. Increasing activity along the Shakkie river seems to indicate the imminence of another great battle. The Russian feints, evidently intended to draw a Japanese attack, are uniformly repulsed.

### Exploded Powder Magazine.

Washington, Nov. 21.—Advices received at the Japanese legation state that a bombardment by the Japanese Port Arthur army with naval guns caused the explosion of a Russian powder magazine near the arsenal on Saturday. The work of the attacking forces, it is added, is progressing as planned.

### Says Tide Will Turn.

Rome, Nov. 21.—Grand Duke Cyril of Russia has arrived here and will complete his convalescence in Italy. Speaking of the situation in the far East, the grand duke predicted that the tide will soon turn, Russia having almost completed her preparations to strike a decisive blow.

### A PARTING OF THE WAYS

#### Demand for a Russian Parliament Marks an Epoch in History.

St. Petersburg, Nov. 21.—The Zemstvo meeting probably will be continued several days. The memorial and minutes of the meeting will be sent to Prince Sviatopolk-Irsky for transmission to the emperor. What the result will be is a matter of speculation, but the men who have participated in this meeting are in most cases the most influential and able men in their respective provinces, and are resolved to press the movement for greater liberty everywhere with the greatest vigor. The government's attitude is awaited with breathless interest. The mere fact that a meeting with such a program was permitted, although official auspices were denied it, is unprecedented; but the vigorous character of the memorial adopted and the resolution to push the agitation must compel the government to act. A parting of the ways is again at hand and the autocracy, it would seem, must once more choose whether the people shall be allowed a voice in the government, for it is inconceivable that it can allow agitation for a convulsive elective body to decide whether the time has not come, in the

"for a specially elected body to participate in the legislation" without the intention of any yielding. Reactionaries, of course, are horrified at the mere suggestion of anything approaching a parliament or a constitution. All their power and influence already are in the scale; but no matter which way the balance swings the decision is bound to mark an epoch in Russia's history.

### A PLACE FOR COCKRELL.

Missouri Senator Offered Vacant Position on Canal Commission.

Washington, Nov. 21.—The president has offered Senator Cockrell of Missouri the isthmian canal commissionership made vacant by the resignation of Col. Frank T. Hecker.

Fire in the central part of Cincinnati on the south side of Fourth between Walnut and Main streets, caused a loss approximating \$700,000.

Senator Cockrell of Missouri has been offered the place on the Panama canal commission made vacant by the resignation of Col. Frank T. Hecker.

Fire started by a hot water heater explosion in the basement destroyed the Missouri building at the World's Fair, the finest building on the grounds.

En Route to Washington. New Haven, Conn., Nov. 21.—Vice President-elect Charles W. Fairbanks and Mrs. Fairbanks, who came here Saturday for the Yale-Harvard football game, left on a late train Sunday afternoon for New York and will go to Washington early in the week.

Two entire families, those of Mariano Triolo and Charles Polignio, are wiped out, the last living member of each being now in a hospital, with no hope of their recovery. Although, in the opinion of the coroner, all the dead were suffocated, the bodies were badly burned before they could be taken from the ruins by the firemen.

The burned tenement house is in the center of a row of three-story tenements extending the length of the block, and was occupied by Italians.

The fire is supposed to have started in the cellar of the grocery store of Antonio Giambalvos on the ground floor. The cellar was stored with inflammable material and the flames spread with lightning-like rapidity. All the occupants were asleep at the time and there was considerable delay in sending in the fire alarm.

The Giambalvos family lived in the rear of the store and succeeded in getting out of the building, but before the occupants on the two other floors were roused their escape had been cut off. Before the firemen arrived the fire had communicated to the adjoining tenement, but here the occupants had sufficient warning and all escaped. The work of the firemen was greatly hampered for a time by the crowds of frightened Italians who filled the streets. The tenants in nearly all the neighboring buildings dragged their household goods out of the buildings, and with them blocked the way of the fire apparatus.

All the bodies were found in the rear room of the third floor, and it was evident that all had been suffocated in their efforts to reach the fire-escape at the back of the building. The two who were rescued were found in the lower hallway soon after the firemen reached the scene. Working their way through the building, the rescuers discovered the heap of dead on the third floor.

In their investigation as to the origin of the fire, the police have been unable to obtain a statement of any kind from neighboring tenants. The street about the burned building has been crowded with Italians, but the police report that everyone questioned regarding the persons burned or the occupants of the building has refused to make any answer. It was with great difficulty that even the names of the victims could be obtained.

### Will Meet With Rough Riders.

Washington, Nov. 21.—President Roosevelt, according to his present intentions, will visit Fort Worth, Tex., in the spring on the occasion of the reunion of the First Volunteer cavalry (Rough Riders). He has given his assurance that unless something unforeseen happens he will make the trip. With the possible exception of an address to his comrades, it is stated that the president will make no speeches either going or returning.

### Big Deal Projected.

Chicago, Nov. 21.—It is said that \$30,000,000 is to be paid for the Chicago City Railroad company by a syndicate headed by Marshall Field, P. A. Valentine and John J. Mitchell of Chicago, and J. Pierpont Morgan, Thomas Ryan and their associates of New York city. Mr. Morgan's Wall street firm and one other trust company not yet named will underwrite the deal.

### Costly Blaze at Cincinnati.

Cincinnati, Pa., Nov. 21.—The Loring Andrews company, jewelers, the Rudolph Wuritzer company, musical instruments, and the Purnsford Stationery company were burned out Sunday afternoon with much damage to other firms on the south side of Fourth street between Walnut and Main in the heart of the city. The loss is estimated at half a million.

### Stock Drivers Killed.

Washington, Pa., Nov. 21.—In a collision between two cattle trains on the Baltimore & Ohio road at Wyland station last night, S. E. Wilson, a driver of New Concord, Ohio, was burned to death, and Frank McCoy, a driver from the same place, was crushed to death.

### En Route to Washington.

New Haven, Conn., Nov. 21.—Vice President-elect Charles W. Fairbanks and Mrs. Fairbanks, who came here Saturday for the Yale-Harvard football game, left on a late train Sunday afternoon for New York and will go to Washington early in the week.

MONDAY, NOVEMBER 21, 1904

JUST now, three days before Thanksgiving, the turkey is the most popular bird in this section of the state.

It is said that the President has tendered to Senator Cockrell, of Missouri, a place on the Panama canal commission and that he will probably accept.

THE Missouri state building on the World's Fair grounds was burned Saturday night. The loss on contents of building was heavy and there were many things of historical value in the building that can not be replaced.

Now that William Allen White, the "able and versatile" Kansas editor, has had a woman after him with a horse whip, he may ask again, "What is the matter with Kansas?" and put another famous article on the copy book. He has the material for it on hand again.

THE first number of this season's lecture course will be Wednesday evening this week. Slayton's Jubilee Singers appear that evening. There should be a sufficient number of season tickets sold to sustain the course. A good lecture course is a good thing. Help it along.

BUSY men are the candidates for the United States senate. They will keep busy until the legislative caucus makes a choice. There are already four announced candidates to succeed Senator Fairbanks and two or three good prospects. The contest is getting more interesting every day.

JUDGE PARKER's professional prospects must be good. He has rented the most expensive suite of rooms in a New York hotel and will spend the winter there. It pays to advertise. Judge Parker was kept before the public for five months. Will he profit as much as Bryan has in the past eight years.

IN Jefferson county the Republicans are protesting against a special election in that county. On the face of the returns, after throwing out several contested ballots, there was a tie between the Republican and Democratic candidates for the legislature in the county. Now a special election is ordered to break the tie and this will cost the taxpayers of the county about \$3,000. No wonder they are objecting to the expense. Let the contest be carried to the legislature where the matter of contested ballots can be passed upon. Then the candidate who is entitled to a seat in the legislature will get it and without any expense to the taxpayers.

FROM Atlanta, Georgia, comes the report that Julius Brown, a son of Georgia's war governor, proposes that all the electors of the south cast their votes for Roosevelt and Fairbanks and make their election unanimous. He makes this proposition because he says Roosevelt has been unjustly attacked on the negro question, the government of the Philippines and, in fact, all public questions. In a published card Mr. Brown says: "Now, I honestly believe, as a Democrat, that the best thing for us, the South, to do, is for Judge Parker and the Democratic Executive Committee to request the Southern electors to cast their votes for President Roosevelt and make his election unanimous. He is a good man, half Southern, and we of the South ought to be able to trust him."

Jubilee Singers.

Dont fail to hear the famous jubilee singers at the Central Christian church Wednesday evening at 8:15. Admission 50 cents. Children 25 cents.

Woodmen's Ball.

There have been no invitations issued to the ladies for the Woodmen's ball tomorrow night, but a general invitation is extended to all ladies who wish to attend.

COMMITTEE

## MADE A HIT.

### Did The Odd Fellows Degree Staff at Louisville.

The Odd Fellows' degree staff of this city made quite a hit at Louisville Saturday night. They conferred two degrees for Home Lodge No. 123, in that city, and the degree staff there conferred one.

The work was done in the Elks hall which was packed. The Seymour boys did fine work and received many compliments. They were royally treated by the Kentuckians during their stay in Louisville.

About seventy-five went from here and all shared the Kentucky hospitality. Most of them returned home Sunday.

### Quick Arrest.

J. A. Guldge, of Verbera, Ala. was twice in the hospital from a severe case of piles causing tumors. After doctors and all remedies failed, Bucklen's Arnica Salve quickly arrested future inflammation and cured him. It conquers aches and kills pain. 25c at W. F. Peter Drug Co.

### MARRIED.

LOERTZ-REDDINGER.

Henry Loertz and Miss Beatrice Reddinger were married Sunday evening at 5 o'clock at the St. Paul's parsonage by Rev. A. Ezli. The wedding was planned as a surprise to their friends and was therefore a very quiet affair. Mr. and Mrs. Loertz left for a wedding trip to Louisville. They will make their home in this city.

ROBERTS-BURKART.

Ora J. Roberts and Miss Emma L. Burkart, daughter of Mr. and Mrs. Joseph Burkart, of this city, were married at Mayesville, Kentucky July 14, 1904. Their marriage was kept a secret until now, only immediate relatives being told of it. Mrs. Roberts left Sunday to join her husband in Cincinnati, where they will make their home. He is a brakeman on the C. H. & D. Their friends extend congratulations.

### A Sure Thing.

It is said that nothing is sure except death and taxes, but that is not altogether true. Dr. King's New Discovery for Consumption is a cure for all lung and throat troubles. Mrs. C. B. VanMetre, of Shepherdstown, W. Va., says: "I had a severe case of bronchitis and for a year tried everything I heard of, but got no relief. One bottle of Dr. King's New Discovery then cured me absolutely." It is infallible for croup, whooping cough, grip, pneumonia and consumption. Try it. It's guaranteed by W. F. Peter Drug Co. Trial bottles free. Regular sizes 50c, \$1.00.

### Bowling Alley.

H. G. Stratton's new bowling alley will probably be ready for use the latter part of this week. Henry Bruengger, D. A. Baird, Joe Niemeyer and Matt Haltabaugh are hard at work on it and are making good progress. This will be by far the best bowling alley ever in Seymour. In fact it will be as good as you can find any place.

### Made Young Again.

"One of Dr. King's New Life Pills each night for two weeks has put me in my 'teens' again," writes D. H. Turner, of Dempseytown, Pa. They're the best in the world for liver, stomach and bowels. Purely vegetable. Never gripe. Only 25c at W. F. Peter Drug Co.

## IN SEYMOUR.

### Every Claim is Backed by Local Testimony.

If the reader wants stronger proof than the following statement and experience of a resident of Seymour what can it be?

Mrs. Jesse Buckles, of Indianapolis avenue says: "In the spring of 1899 I suffered severely from backache and secured Doan's Kidney Pills at C. W. Milhous' drug store. I had dull aching and acute lameness in my loins which inconvenienced me when rising from a chair or attempting to lift anything. The Kidney secretions were embarrassing and I was troubled with nervousness and attacks of dizziness. Doan's Kidney Pills promptly relieved me. They were quick to invigorate my kidneys and strengthen my back. After taking the treatment my general health was better for a long time."

Sold by all dealers, price 50 cents per box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S.

Remember the name Doan's and take no substitute.

### Teachers Coming.

The schools throughout the county will close Wednesday evening for the Thanksgiving vacation. The teachers are expected to attend the county association, which will be in session in Seymour Friday and Saturday. Last year the first day of the association was held on Thanksgiving day, which was unsatisfactory to many of the teachers. Many could not go that day.

### December Success.

The December number of this popular magazine is out and the table contents shows this number to contain a feast of good things for the reader. It is varied in scope and rich in substance. Look over the contents and you will buy a copy of December Success. Buy a copy and you will read it. Read it and you will enjoy it.

### Seymour Write-Up.

In the current number of The Music Trades, published in New York, is a very clever write-up of Seymour. The city is commended and some of the industries get special mention. In the music line, a clever reference is made to the business conducted by Mrs. O. S. Guernsey and John Vandewalle.

### New Class.

The Modern Woodmen camp of this city is making preparations to initiate a big class early in December. They have a number of applications in now and there will be several more. The membership of the Seymour camp numbers near 300 now.

### To Lovers of Music.

A. A. Farland, the world's greatest banjo player, will be at Society hall Friday night Nov. 25th. Everybody should hear this great player and composer. Read circulars and see what various papers say of him. Tickets now on sale at Vande Walle's music store.

### Circuit Court.

The November term of the Jackson circuit court opened today. Judge Buskirk was on hand and started the business of the term. The grand jury was sworn in and got down to work. The docket will be called tomorrow.

### Grand in Every Detail.

Magnificently grand in every detail, entirely unlike any other amusement enterprise "The Great Lafayette" will present "The Pearl of Bhutan" as the attraction at the opera house one night in the near future.

### BORN.

To Bruce Reed and wife, Nov. 18, a son.

Dont fail to hear Farland Friday night. More marvelous than Paderewski, more enjoyable than Ysaac.

George W. Weddell and C. H. Lucas of Red Brush were in town today and made the REPUBLICAN a pleasant call.

### FARES TO ST. LOUIS.

World's Fair Excursions via Pennsylvania Lines.

World's Fair excursion tickets to St. Louis are now on sale via Pennsylvania Lines. Fares from Seymour are as follows: Tickets good for the round trip, return by train to December 15th, will be sold every day at \$12.50 for the round trip.

Tickets good returning within sixty days not later than December 15th, will be sold every day at \$10.50 for the round trip.

Tickets good returning within fifteen days will be sold every day at \$9.50 for the round trip.

### Special Low Round Trip Rates to the South and Southeast.

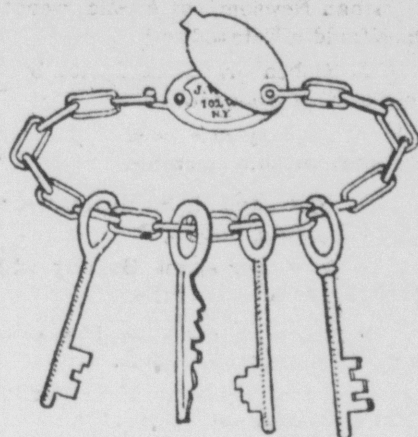

The B. & O. S.-W. will sell round trip homeseekers tickets, good to return within 21 days, to points in Alabama, Florida, Georgia, Kentucky, Louisiana, Mississippi, North and South Carolina, Tennessee and Virginia, on Tuesday, Oct. 11th and Nov. 15th, at special low rates. ## A NOVEL KEY CHAIN.

### Combined Lock and Name Plate Doubles Its Safeness.

Every man is the owner of a number of keys. Sometimes they are attached on key rings, and as often they are carried loose. In the latter case, when any are lost, it is generally one at a time, but the man who has many keys and these on a ring loses them all. They are seldom returned, for the simple reason that no marks of the identity or residence of the owner are to be found. Considering the value of keys and the consequent trouble and annoyance of replacing them when lost, more care ought to be exercised to have on them some sign of identity. The simple device shown here is certainly worth having. The name and address can be inserted on the inside of the locket and can easily be found

OWNER'S NAME IN LOCKET.

When wanted. The lid when closed also locks the chain securely and can only be opened by the pressure of the hand on a spring.

Keys of especial importance and value, such as those for inside compartments of safes, etc., could be kept on such a chain and would be useless even if found by a dishonest person, as he could not open the safe in the first instance, and they would be more likely to be returned by some one who realized their value.

The patentee is Charles Harold, of New York city.

### THE SECRET OF YOUTH.

#### It Is to Eat Raw Apples and Drink Much Distilled Water.

To drink the waters of the fountain of youth is still, in the opinion of some, within the range of possibility, says the Medical Age. A recent writer observes that man begins in a gelatinous condition and ends in an osseous or bony one. He is soft in infancy; he is hard in old age. Aging is a process of ossification. After middle life has passed a more marked development of the ossific character takes place. The arteries become thickened with calcareous matter, and there is interference with circulation, upon which nutrition depends.

The whole change from youth to old age is one of steady accumulation of calcareous deposits in the system. The blockade of the functions of the body is a mere matter of time, and the refuse matter deposited by the blood through the system stops the delicate machinery we call life.

The blood contains compounds of lime, magnesium and iron. In the blood itself are these earthy salts. In early life they are thrown off; in age they are not. Almost everything we eat contains these elements, which destroy life. Earthly salts abound in the cereals and bread itself is one of the most calcareous of edibles. Nitrogenous food also contains these elements; hence a diet made up of fruit is best for people advanced in years.

The daily use of distilled water is, after middle life, one of the most important means of preventing secretions and derangements of health.

Diluted phosphoric acid is one of the most powerful influences known to science for shielding the human system from the inconvenience of old age. Use it daily with distilled water, and so retard the approach of senility.

To retain perpetual youth avoid all foods rich in the earth's salts, use much fruit, especially juicy, uncooked apples, and take daily two or three tumblerfuls of distilled water with about fifteen drops of diluted phosphoric acid in each glassful. Thus will your days be longer in the land.

### The Gros Life Saving Belt.

According to experiments at La Rochelle, France, a man wearing a Gros life belt fell overboard and sank. He immediately rose to the surface and continued to float, head and shoulders out of the water and both arms in the air. This new life saving belt is composed of a series of four small flat sacks, circular in shape and connected by a tube. Both ends of the tube are inclosed in small metallic cylinders, each of which contains a charge of carbide of calcium. The belt is invisible and can be worn by a passenger during the entire voyage without inconvenience. It has been estimated that only about two seconds elapse from the instant the water touches the carbide until the sacks or pouches are filled with sufficient gas to keep a man afloat.

### Horseflesh a Cause of Typhus.

An extraordinary story comes from Berne, Switzerland, concerning the origin of the typhus epidemic which is at present existing in that city. The Nouvelle Gazette de Zurich states that it is commonly reported at Berne that the outbreak has been traced to certain horseflesh which was served at a cheap restaurant and that this horseflesh had been bought from the Bacteriological Institute, where the horse in question had previously been the subject of certain experiments with antityphus serum. The charge has created general indignation, and a searching inquiry into the whole affair has been demanded of the Berne sanitary authorities.

## Homemade Christmas Presents

### Umbrella Bag, Sponge Bag and Thermometer Case

HERE are many people who are not able to buy expensive Christmas presents, and clever workers are always looking for new ideas. To make an umbrella bag take one and a quarter yards of holland or linen thirty-six inches wide and four and a half yards of braid to match an inch wide—size when finished 38 by 9 inches. Cut the material in half; take one piece, trim both edges quite straight, fold in half with right side outside, turn down hem two and a half inches, raw edge on the outside; tack it firmly. Trace monogram or initials in the center of the bag in letters about four inches long. These can be either filled in with oil color with a worked outline or entirely worked. When finished, tack braid to the sides and foot of bag, taking care the braid is exactly divided in half; stitch it on the sewing machine and finish off firmly. Hem one end of the remaining braid, and hem it on

UMBRELLA BAG.

from the binding on the right hand side—where the strings will come out—hiding the raw edges, around to the other binding, thus making a runner for the draw string. Run one and a half yards of braid in as a string, hem the edges and add a loop to hang bag on the arm. Umbrellas and parasols become dirty when traveling if uncovered or merely rolled up. Tied in a bag they keep clean and are easily carried and not so liable to be lost.

For a sponge bag holland or linen, oil silk, silk binding and cord are required. Take one piece of material 14 by 18 inches, also a piece of green oil silk 12 by 18, one and a half yards silk binding, two yards of silk cord. Work initials or monogram on the linen. Lay both materials together, the oil silk as lining, and tack on extreme edges. Turn down the holland one or one and a half inches on the inside to meet the oil silk. Hem it round. Hem a runner of binding on the outside to within one inch of sides, top edge of runner being the same height as the hem within. Bind on three sides with binding, and insert double runner of cord.

In constructing a thermometer case as a Christmas gift take a piece of pasteboard eight and a half inches long and five and three-quarters inches wide. Cover the pasteboard with one layer of sheet wadding. Bind the two sides with plush two and a half inches deep on the front and half an inch deep on the back. Paste the edges down. Between the two pieces of plush place a strip of cream white satin ribbon five inches wide, overlapping the edges of plush. Paste the two ends of ribbon over on to the back. Fasten a thermometer three and

SPONGE BAG.

a half inches in length on the left hand side of the ribbon about halfway. Print the following lines on the ribbon:

A silver pulse in a crystal vase,  
As it gently ebb and flows,  
It tells the way the north wind blows,  
And times the bloom of the rose.

At the bottom of the lines paint a rose, with leaves and a few fine grasses. Cover the back of case with white moire paper. Paste it round the edges. Suspend by a six inch gilt rod with a chain.

### Brush Holders.

Brush holders worked in old fashioned cross stitch on honeycomb canvas are new and striking Christmas gifts. The double ones are especially nice as holders for a man's military brushes. The canvas used is either gray or yellow in tone, the stitching being in bright colored yarns.

### A Hatpin Holder.

A splendid idea for a hatpin holder for Christmas is to double a half yard of two inch wide ribbon so that it is a quarter of a yard in length. Stitch the two edges together and fill the sack thus made with bran.

## ADVERTISE

\$291,084.99

In a recent number of McClure's Magazine is a story in which the facts relating to the profits of a baking powder were brought out through litigation in the courts. It was shown that the company manufacturing the powder was capitalized at \$100,000. The profits amounted to \$17,647 in 1876, and they continued to grow until they reached the enormous aggregate in 1887 of \$725,162, the income that year being four times the amount of the capital invested. The profits since 1887 have steadily increased, but the feature of particular interest in this connection is that the company spent \$17,000 for advertising in 1876 and \$291,084 in 1887.

The baking powder may or may not have been superior to others put on the market, but the business was made to pay the immense returns noted through liberal and judicious advertising. Another feature in this matter is that the company has advertised almost exclusively in the newspapers.

The men behind that baking powder realized the value of the newspaper press in reaching the public, and to it they owe the marvelous results.—Newspaperdom.

If you want to increase your profits, advertise in this paper. No better medium to reach the buyers of this community.

### CLOCK SWINDLE.

A Warning to Newly Married People.

It is said that a great many newly married couples in all parts of the country have been duped by what is known as the Buffalo clock swindle.

The bride receives a letter from the clock firm saying that they have had an order for an elegant clock sent as a wedding present but they have lost the names of the persons who ordered it. A part of the money, \$3.00, was paid with the order, the remaining \$2.50 to be paid later. By paying the \$2.50 the bride may receive the beautiful \$6 clock. Of course the clock turns out to be worth about 75 cents and the swindling firm is \$1.75 ahead on each victim. This looks like a scheme that few people would be caught by, but nevertheless many have been duped by it. It is still true that part of the people can be fooled all the time.

### A Startling Test.

To save a life, Dr. T. G. Merritt, of No. Mehoopany, Pa., made a startling test resulting in a wonderful cure. He writes, "a patient was attacked with violent hemorrhages, caused by ulceration of the stomach. I had often found Electric Bitters excellent for acute stomach and liver troubles so I prescribed them. The patient gained from the first, and has not had an attack in 14 months." Electric Bitters are positively guaranteed for dyspepsia, indigestion, constipation and kidney troubles. Try them. Only 50c at W. F. Peter Drug Co.

### Coming.

"The Missouri Girl," which comes to the opera house Tuesday, Nov. 29, is now in its tenth season of prosperity. "Shore Acres," "Devil's Auction," and "Haulon's 'Superba'" are the only first-class one night stand productions that have been before the public continuously for so long a time. These four attractions never seem to grow old. To many people the return of "The Missouri Girl" is like renewing acquaintance with an old friend. To every one it means an opportunity for an evening of enjoyment.

### BRONCHITIS

OFTEN THE SEED OF CONSUMPTION.

W. F. Peter Drug Co. Tells People of Seymour Quickest Means to Cure it.

For years cod liver oil has been known to possess remarkable curative and healing properties for throat, bronchial and lung troubles, but, as a famous physician has said, on account of the grease it contains, it has been difficult for people to take enough of it into their systems to combat a thoroughly settled disease.

"Now, however," said Mr. Peter of the W. F. Peter Drug Co. "we have Vinol, which contains in a highly concentrated form all of the medicinal curative elements actually taken from fresh cods' livers, but without a drop of oil or grease to upset the stomach and retard its work, and there is no limit to the amount any person can take into their system to overcome disease. Here are two letters that have just come to our attention:

"Mrs. Louisa Stover of Elkhart Ind., writes: 'For a long time I suffered with bronchial trouble and feared consumption. I could not seem to get any relief from cough medicines, old forms of cod liver oil or emulsions. I coughed badly, and my chest was sore and irritated. Vinol has healed the soreness and stopped the cough and has strengthened and invigorated my whole system.'

"Mrs. John Hoskins, Bangor, Penn., writes that Vinol cured her son of bronchitis, from which he had suffered for years after everything else had failed.

"We want every person in Seymour suffering from chronic colds, coughs, bronchitis, or who need an invigorator and strength creating medicine to try Vinol on our guarantee to return the money if it fails." W. F. Peter Drug Co.

## Thousands Have Kidney

Trouble and Never Suspect it.

How To Find Out.

Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

What To Do.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the night. The mild and extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes.

You may have a sample bottle and a book that tells all about it, both sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention this paper and don't make any mistake, but remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y.

## KENTUCKY TRAGEDY

Bad Negroes at Lexington Start on Killing Expedition.

Lexington, Ky., Nov. 21.—William Moore, a laboring man, was killed last night by three negroes who attacked the white man in a saloon. Moore leaves a wife and ten children unprotected. He was standing in a saloon talking to two other white men when the three negroes, Jim Garfield, John Taylor and Ed Taylor came in and with the words: "We will clean out all you white dogs," began firing. Moore fell without a word. Two others escaped by hiding behind a post, which was penetrated by two bullets. Ed Taylor and Garfield were caught and lodged in jail. John Taylor is a paroled convict. Sentenced to ten years for murder, he has served five years. Quite a crowd last night threatened lynching.

Ticklish Situation in Iowa.

Des Moines, Ia., Nov. 21.—Race war is regarded as imminent at Frazer, Ia., where Thomas Albright, a white miner, was shot and mortally wounded by James Price, a negro. The white miners held a meeting Sunday afternoon and voted to refuse to work longer with the negroes. They accuse the negroes of having aided Price to make his escape, and feeling is intense. There are from thirty-five to fifty negroes in the mining camp and about 1,200 whites. Both sides are heavily armed.

ANTI-AUSTRIAN AGITATION

Italians Seize Upon Royal Birthday as Excuse for Turbulence.

Rome, Nov. 21.—The Queen Dowager Margherita's fifty-third birthday anniversary was celebrated Sunday throughout Italy by a display of flags and bunting and in various other ways.

EX-QUEEN MARGHERITA OF ITALY.

The celebration afforded opportunities for fresh anti-Austrian demonstrations, but the crowds were easily dispersed by soldiers. At Bologna the Socialists, who are opposed to agitation against a foreign power, attacked a mob that was burning an Austrian flag and rescued the flag. A fight ensued which was stopped by the police.

A Mysterious Murder.

Chicago, Nov. 21.—In the darkness of a lonely country road, John W. Bate, Jr., a professional chauffeur, and son of a man prominent in the automobile world, was slain. The scene was on a road paralleling the Joliet electric line, two and a half miles southeast of Lemont, Ill. There Bate was found leaning forward in the front seat of the auto with a bullet wound in the back of his head. The auto had been turned about. The solution of the midnight crime has so far baffled the efforts of the police.

Parker's New Address.

New York, Nov. 21.—Former Judge Alton B. Parker, recently candidate for president on the Democratic ticket, and Mrs. Parker, will spend the winter in New York City at the Hotel Netherlands. ## ITCHING ECZEMA

In July, 1883, I began to break out with Eczema on my head, legs and arms, and began treatment with local doctors, but did not get much relief. They said the disease had become chronic. I then quit them and tried various ointments and soaps for another two years, but as soon as cold weather came I was as bad off as ever, so I finally decided to let medicine alone, and for twelve or thirteen years did nothing towards curing the Eczema, except bathing. This seemed to do about as much good as anything I had tried.

During the time I lost about one-half of my hair. I began S. S. S. doubtful of a cure, because the disease had run so long, but soon discovered your medicine was doing me good, and continued to take it. I used seven bottles, when I was completely cured, not having a single spot on my body, which before was almost completely covered.

F. C. NORFOLK,  
1017 Hackberry St., Ottumwa, Ia.

The head, feet and hands are usually the parts affected, though the disease appears on other parts of the body. While external applications allay the itching and burning temporarily, it is the acids thrown off by the blood that cause the irritation and eruptions upon the skin. The acids must be neutralized and the system cleansed of all humors and poisons before the cure is permanent.

S. S. S. is guaranteed entirely free of Potash, Arsenic and other minerals. Book on the skin and its diseases sent free.

Medical advice furnished free.

More Stoical Than Red Indians.

No red Indians were ever more calm to pain than the aborigines of Australia. In their tribal fights, which still occur frequently, the severest wounds are treated with indifference. Old Australian settlers are fond of telling a famous story of a tribal chief who walked sixty miles with a spear sticking clear through his body before he could get help to pull it out. They insist that the story is true.

Robbery Story Not Believed.

Prescott, Ariz., Nov. 21.—James P. Storm, former county treasurer of Yavapai county, who was found bound and gagged in the vault of his office on Nov. 9, and who reported that he had been robbed of \$13,000 by two men and then placed in the vault, where he claims he remained for twenty-four hours, was arrested Sunday and charged with embezzlement.

Snowballed the Premier.

Budapest, Hungary, Nov. 21.—As Premier Tisza was leaving a meeting of his political supporters Sunday he encountered a hostile demonstration. He was greeted with shouts of "Resign," and was pelted with snowballs. The police dispersed the crowd by a discharge of blank cartridges. Forty arrests were made.

Caught by Engine.

Parkersburg, W. Va., Nov. 21.—S. H. Pierson, member of the Populist national executive committee, who had been his party's candidate for governor, was killed by a Baltimore & Ohio engine Sunday while walking toward Parkersburg from his home in the country.

Suicide Due to Politics.

Cynthiana, Ky., Nov. 21.—Add Casey, son of ex-Sheriff Tom Casey, who was defeated in the Democratic primary Saturday for county judge, shot himself yesterday. It is supposed that the deed was on account of depression over his father's close defeat. Young Casey is not expected to live.

The Deadly Flying Tackle.

Bethlehem, Pa., Nov. 21.—Samuel Hess, a senior at Lehigh University, son of ex-State Senator J. S. Hess, died last night of concussion of the brain superinduced by being thrown in a flying tackle in a football game at Hellertown Saturday afternoon.

Rates Unchanged.

The impression that lower rates would prevail to St. Louis before the close of the Exposition has been entirely dispelled by receipt of information by local agents that no further reduction would be made.

## STATE NEWS NOTES

Various Matters of Interest to Hoosiers Recorded Here.

## CITED FOR CONTEMPT

Judge Anderson Wants to Know If His Injunction Against Strikers Has Been Disregarded.

Twenty-Three Striking Glassworkers Cited to Appear in United States Court Dec. 1.

Indianapolis, Nov. 21.—Judge Anderson of the United States court has cited for contempt of court twenty-three of the striking glassworkers at the MacBeth-Adams plant of the American Glass company at Elwood. They will be ordered to appear before Judge Anderson Dec. 1 to show cause for alleged violation of the court's injunction against picketing the plant.

## PLAINTIFF WINS OUT

Heavy Damages Assessed Against Street Railway Company.

Indianapolis, Nov. 21.—In the United States court Mrs. Ada M. Lawson was given a verdict for \$10,000 against the Indianapolis Terminal and Traction company. The jury in the case, after being out only a short time, returned this verdict in favor of the plaintiff.

The suit against the Indianapolis Terminal and Traction company was brought by John Lawson, guardian of Ada M. Lawson, who is now in an insane hospital in Minnesota. The suit is a result of a streetcar collision in this city in May, 1903, in which Mrs. Lawson sustained injuries which it is claimed caused her to lose her mind. Suit was instituted for \$40,800 damages.

Children Caught in Bonfire.

Cornersville, Ind., Nov. 21.—The four-year-old daughter of Mr. and Mrs. Samuel Ball in this city, while burning some paper in the yard at her home got too near the blaze, igniting her clothing, and before being discovered by her mother the child was enveloped in a mass of flames. She died within an hour.

Indianapolis, Nov. 21.—Pearl Montjoy, the little five-year-old daughter of Mr. and Mrs. John Montjoy, 5669 Railroad street, received burns that resulted in her death. The little girl, with her brother, had built a bonfire of leaves and was playing around it when her dress caught fire.

Heavy Shortage Alleged.

Marion, Ind., Nov. 21.—Edward J. Franklin, a young man prominent in business and society circles of this city, formerly of Indianapolis, has disappeared and his accounts with insurance, real estate and loan companies which he represented are said to be short several thousand dollars. His books are being audited, but the amount of the alleged shortage has not yet been determined. Disappointment in love followed by losses at gambling, are given as the cause of Franklin's downfall.

Boy Accidentally Slain.

Indianapolis, Nov. 21.—Oscar Weldman, aged twelve years, was accidentally shot in the neck by his cousin, Edwin Katzenberg, aged fourteen years. The ball passed through the carotid artery, causing death in a very few moments. The two lads had been hunting together and sat down in the commons and were toying with their rifles, when young Katzenberg's rifle exploded, striking his cousin in the neck.

This Is His Third Term.

Noblesville, Ind., Nov. 21.—Fred Carl, alias William Jones, was found guilty of grand larceny by Judge Christian in the Hamilton circuit court and sent to the Michigan City prison for a term of from two to fourteen years. Carl has served two terms in prison and has only been out of Jeffersonville two years. He stole a horse and buggy from in front of a hitch rack in Cicero.

Fireman Fell From Ladder.

Lafayette, Ind., Nov. 21.—While fighting the flames in the Foster furniture store Jasper Cothran, a fireman, fell from a ladder and was perhaps fatally injured. He dropped on the stone sidewalk, alighting on his head and shoulders. Several others who were trying to abate the flames were seriously injured, though none of the others is believed to be fatally hurt.

Guilt of Embezzlement.

Muncie, Ind., Nov. 21.—James Stanford, confidential clerk and manager for Joseph Hummel, a local jeweler, was found guilty of embezzlement by the circuit court jury and sentenced to the Michigan City penitentiary for a term of from two to fourteen years, fined \$5 and disfranchised for two years.

First Word of Whereabouts.

Anderson, Ind., Nov. 21.—Henry Hallam, a baker who disappeared from this city three years ago, was recently killed in the Philippines, the announcement of his death being the first intimation his brother and sister of this city had of his whereabouts.
